Oct 24, 2013 Please let me know which is the best HD/Bluray (Avi, MKV format) video player software for MAC Pro.. Please do let me know your suggestions Any other video player for Mac recommended? I recently downloaded the new Mac operating system El Capitan and it feels great.. However I soon realize that my QuickTime crashes often after the upgrade I think I need a powerful media player for Mac.. In this case, a professional video converter for macOS, is an excellent helper Built in 370+ codecs, it can easily convert videos from MKV, AVI, WMV, FLV etc to Mac supported formats.. Mac, by default, supports limited video formats, which means that some other popular formats like MKV, FLV, WMV etc are out of luck.. 4 Videos playback, download (1000+ sites supported) and airplay supported Cons 1.. A highlight of this best Mac media player is that it features AirPlay receiver/sender to help users stream movies videos from iOS devices or to Apple TVs.. How to Play HD/UHD Videos on Mac beyond the Mac Media Player In addition to looking for the best media player for Mac, another way to play certain video files like MKV or WMV on Mac smoothly is to convert the video first.. Another plus is that it helps to free download HD 1080p/720p 4K UHD from YouTube, Vevo, Vimeo and 1000 more online site to Mac. ae05505a44 [Virtual Cd Download Free](#)
